About NERVA FOODS

NERVA FOODS by ViDimapact Ventures LLP is a growing global supplier of premium Indian superfoods and value-added agri products. It serves importers, distributors and private labels worldwide with consistent quality, reliable logistics, and scalable sourcing.

Backed by strong sourcing networks across India, NERVA FOODS combines agricultural authenticity with modern processing and export-ready supply chains.

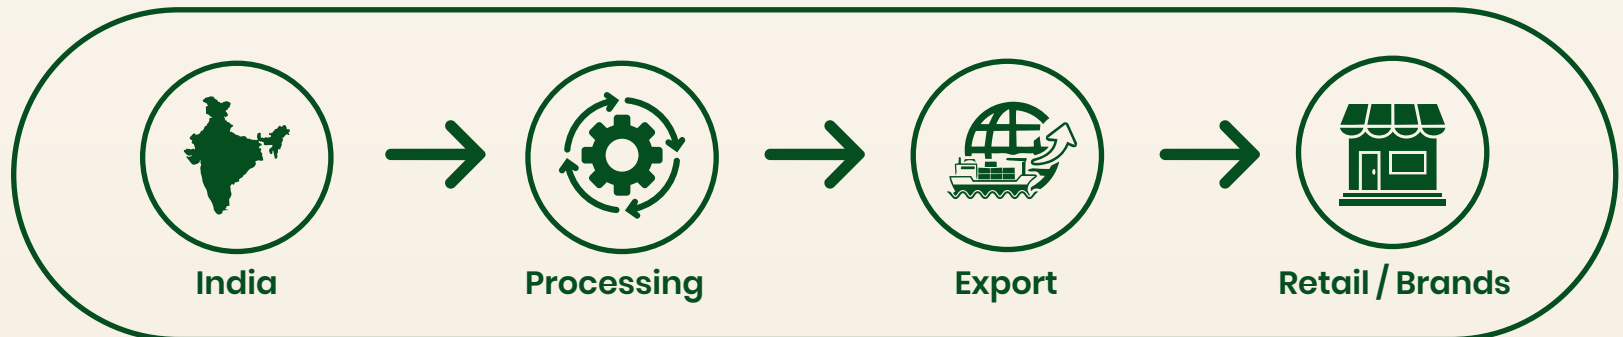

GROWING GLOBAL DEMAND FOR INDIAN SUPERFOODS

Indian superfoods like Makhana, Millets, Moringa, and Amla are gaining global popularity for their high nutrition and clean-label appeal. With rising demand for plant-based, gluten-free and functional foods, they are becoming key ingredients in modern diets.

With strong sourcing across India and export-ready capabilities, NERVA FOODS enables global brands to tap into premium Indian superfoods.

Reliable sourcing. Scalable supply. Global standards.
